

Contest Mindset and Diagnostic

Placement Report · Entrance Diagnostic Form A

Original Concept Mastery items. Not reproduced from CEMC or any third party.

Student		Date	
Tutor		Form	A

Mathematical score (out of 100)

Section	Questions	Maximum	Score
Foundations	1-10	20	
Problem solving	11-20	50	
Challenge	21-25	30	
Total		100	

Strand profile

Strand	Questions	Maximum	Score
N — Number, fractions, percent, ratio	1, 2, 11, 12, 13, 21	25	
A — Algebra and patterns	3, 4, 14, 22	15	
G — Geometry and measurement	5, 6, 15, 16, 17, 23	25	
D — Data and probability	7, 18, 24	13	
T — Number theory and counting	8, 9, 19, 25	15	
L — Logic	10, 20	7	

Persistence observation (recorded separately, out of 12)

Score	Strongest behaviour	Behaviour to build

Pathway (tick one)

	Pathway	Score	What it means
☐	Advanced	85–100	Full programme at pace; Part C extension tasks every module; second-method requirement.
☐	Core	65–84	Full programme as sequenced.
☐	Core plus bridge	50–64	Full programme plus a weekly 30-minute bridge on the two weakest strands.
☐	Foundations first	below 50	Foundations block on the flagged strands, then join the programme; re-diagnose with Form B.

Please note: These thresholds are unpiloted starting hypotheses. They will be revised once Form A data from this cohort are available. No student is rejected on a low Challenge score alone; placement also weighs the strand profile, the persistence observation and the tutor's judgement.

Most frequent error codes on the diagnostic

C	R	S	A	V	Q	T	K

Tutor notes (two strengths, two targets for the first four weeks):
